Garza, N.L., México

Expertise

- Mechanical Design 4.5 ★★★★★
- PLC Automation 4.0 ★★★★★
- Project Planning 5.0 ★★★★★
- Electrical Design 4.0 ★★★★★
- Programming 4.0 ★★★★★

Languages

- English: C1
- Italian: B1
- Spanish: Native

Work Experience

Brembo Calipers Engineering Intern

07/2023 - 01/2024
(6 months)

- Management** of new projects arriving, rigging, commissioning, Cycle Test and SoP
- Development** of vision system in **Tesla Cybertruck** assembly lines
- Creation** of functions for KUKA Robots
- Processes optimization based on **Siemens PLC** and **Industry 4.0**

AI Eléctrica Integral Product Engineer Intern (Electrical)

04/2022 - 10/2022
(6 months)

- Electrical drawings **Desinging** (Power, control and PLC) with **UL, NEMA & IEC** normative for Nissan, DeAcero, Henkel, Nemak, etc.
- Creation** of electrical panel layouts in **Rittal ePLAN** to create the project **BOM's**
- Components **Modeling** in **Solidworks**
- Collaboration** with buyers and technicians

Softwares:

- Solidworks
- Creo Parametric
- AutoCAD
- Rittal ePLAN
- NX
- MS Dynamics AX(ERP)

Education

FIME - UANL UANL

07/2019 - 06/2024

Engineer in Mechatronics
San Nicolás de los Garza, N.L., México.

CBTis No.36

08/2016 - 06/2019

High school

Technician in Mechatronics
Monclova, Coahuila, México.

Certificates

CSWA
Mechanical Design

CSWA-AM
Additive Manuf.

CSWA-S
Mech. Simulation

CSWA-SD
Sustainable Design

Courses

- Risoul Industrial Control 1
- Risoul Industrial Control 2
- AutoCAD 2D & 3D

On Course:

- TIA Portal Advanced
- Ignition - Inductive University
